

## Beatitudes Song – Sung to the tune of “The Bare Necessities”

Well it's the beatitudes  
The simple being attitudes  
That bring about the blessings in our life

For it's the beatitudes  
The simple being attitudes  
That God gives to us to become our light

God gives poor in spirit their kingdom of heaven  
When people are mourning, God comforts them  
The meek inherit the whole earth  
We're filled as we hunger and thirst  
And when we're merciful, there's no doubt that mercy will  
Give us our fill  
And bless the whole world too  
Through the beatitudes, the help for me and you

Well it's the beatitudes  
The simple being attitudes  
That bring about the blessings in our life

For it's the beatitudes  
The simple being attitudes  
That God gives to us to become our light

Pure hearts will see God here, His children make peace  
If righteous but hated, our heaven we'll keep  
If people lie, revile or spite,  
We can rejoice if God's our light  
For prophets came before us and they were hated too  
Persecuted to boot  
But God was at their side  
Through the beatitudes, which are our faithful guides
